Workshops

Each workshop is designed to provide an introduction to the topic to allow the user to gain a better understanding of technology. Desktop computers are available in the lab. If possible, it is encouraged you bring your own laptop with wireless capability. This allows the user to better understand how to use their personal computer to complete their desired projects.

The instructors for the workshops are certified educators and knowledgeable trainers to provide the assistance you need to complete **personal goals**.

Training and Computer Support

Need assistance with technology? Online Education Solutions provide one on one training, custom group training, online support, and computer support.
