Other comments, questions, etc.

Our team is just getting started. Our first meeting was on June 17th. Part of our conversation dealt with ways that I can effectively network in the community. I am now working to see which of those options will be available. One of those options is to work as a volunteer chaplain at a local hospital. I have introduced myself to the person in charge of that program and received an application for the work.

We are also initiating a prayer team and a hospitality team. Other teams may be established also. These were the places where it seems we can begin most naturally.

Please email this form to Amy Shanholtzer (Shanny2500@aol.com) one week before the Pastor's meeting. Your responses will help to form the agenda for the meeting.
